Minuteman[®]
Excellence Meets Clean

PowerBoss[®]

Multi-Clean[®]

NOT JUST CLEAN, IT'S GREEN

Minuteman offers a complete line of commercial and industrial maintenance products for today's cleaning industry. Our wide range of products includes walk-behind and ride-on auto scrubbers, critical filter vacuums, air vacuums, floor machines, battery and propane burnishers, commercial vacuums and industrial tank vacuums for dry or wet/dry application, carpet vacuums and extractors, and sweepers. There is a Minuteman machine for every application.

AQUA STOP

Aqua-Stop Technology has been introduced and implemented at Minuteman International. Machines equipped with Aqua-Stop use 20% less water and chemical than machines not equipped with Aqua-Stop. This water and chemical reduction factor translated into economic gains for Minuteman customers as well as environmental benefits, with no loss in the cleaning effectiveness of the Minuteman scrubbers. On average, Aqua-Stop will save Minuteman customers a total of \$31.55 per thousand square feet of facility size per year. This can potentially save customers thousands of dollars per year.

Minuteman International Inc

12 GALLON AUTO-SCRUBBERS

E17, E20 Disc, E20 SPORT*

E20 Cylindrical

E26 ECO, E26 ECO SPORT*

Covers 17,000 up to 26,000 Sq. Ft. Per Hour
Low Brush Deck Cleans Around & Underneath Obstacles
Small, Compact Design for Tight Spaces

Advanced technology makes the 12 gallon E Series a part of the innovative walk-behind scrubber line. Easy-to-understand controls ensure that the machines are simple to operate.

The compact and sleek design results in total operator comfort by focusing on ergonomics and provides an excellent line of sight to the area to be cleaned. Available in cylindrical, disc, and hospital ready models. The adjustable handle and ergonomic hand bails offer superior handling of the machine and the traction drive models offer ergonomic, adjustable speed regulation with the turn of a dial.

The E Series has an on-board charger which is convenient and allows the machine to be charged anywhere and features simple brush loading and unloading. A parabolic squeegee is standard on all models and an option on the brush drive models. The squeegees are designed so that no operator adjustment is necessary.

Brain-Enabled Max Ride 20 Autonomous Scrubber with EMMA Technology

The partnership with Brain Corp allows the implementation of the EMMA Navigation technology platform. EMMA - Environmental Monitoring And Measuring Application - navigation technology allows the MR20 to operate, through this technology, autonomously.

Brain Corp's revolutionary floor care technology significantly increases efficiency while also delivering sizable cost savings.

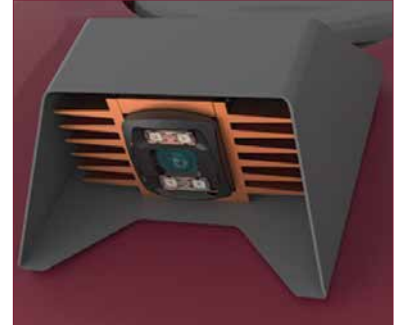

The Brain-enabled scrubber frees janitorial staff to focus on higher-value tasks and also teaches them to manage exciting new technology.

Model	Max Ride 20 Autonomous
Cleaning Path	20" Disc
Squeegee Width	25"
Brush Speed	200-350-450 RPM
Max. Grade	6%
Working Speed	3.1 mph (5 kh)
Max Productivity	27,200 sq. ft/hr (2527 sq m / hr)
Noise Level	68 dB
Dimensions	47.5" L x 25.5" W x 45" H
Weight	691 lbs.
Tank Capacity	18 gallon solution & recovery
Max. Run Time	3-3.5 hours

**SPORT technology delivers variable 185/400 RPM brush speed. For more information on SPORT technology, speak with a Minute-man representative today.*

NEW

Robotic Features

Control	Manual & Autonomous
Learning System	Autonomous function is training by user to replicate multiple scrubbing routes.
Navigation	Multi-layer sensor system perceives environment, controlling vehicle and navigation.
Security	Password protected user interface.
Safety	Overlapping sensors detect and avoid people and obstacles. Equipped with auto-stop button. Remote monitoring capability.
Support	Robotic Operating Center (ROC), manned by Brain Corp technicians, provides remote supervision, fleet management analytics and first line customer service.

Key Features

Auto Load and Unload of Brush or Pad Driver
On-board Charger
Capable of turning 360 Degrees, providing exceptional maneuverability
SPORT Technology (optional)

RESTORATIVE CARPET CLEANING

RUSH SERIES

This is why you need a Rush Extractor:

- Powerful cleaning performance with features like dual vacuums for optimum recovery and up to 500 psi all in a compact, easy to use design
- Unique external heater boosts cleaning performance, protects internal electrical components, and eliminates downtime
- Simple two screw access to components for easy maintenance and service
- Wand and hoses included in the package

Increase your productivity on those tough carpet restoration jobs with the NEW Rush portable extractors.

SELF-CONTAINED CARPET EXTRACTORS

X17 SERIES

The X17 Series combines powered brush agitation with high pressure spray and a wide 17" vacuum shoe for unparalleled maintenance cleaning of carpets in offices, schools, hotels, medical centers, retail centers and more.

The patented ozone system on the CFS equipped units provide strong, chemical free deodorizing and sanitizing capability.

AMBASSADOR SERIES

The Ambassador Series can clean up to 2,500 sq. ft. per hour with brush agitation, solution injection and an effective vacuum system that does it all in one pass. Available in 14" and 17" wide models to meet your carpet cleaning needs. These self-contained carpet extractors are operator friendly and built tough with a non-corrosive polyethylene body and tanks and moisture resistant switches.

X RIDE 28 RIDER CARPET EXTRACTOR

When you have a lot of carpet to clean, the X Ride 28 is the ultimate carpet cleaning solution in a rider carpet cleaner.

Cylindrical scrubbing action cleans both sides of the carpet fiber and a wide 28" cleaning path helps you get the job done quickly. Large 27 gallon capacity, easy operation, 100 psi pump and powerful vacuum provide up to 9,060 sq. ft. per hour of carpet cleaning performance while the operator rides in comfort.

Models	X Ride 28
Cleaning Path	28"
Theoretical Productivity	9,060 ft2 / hour
Working Speed	65 fpm
Rated Voltage	36 Volts
Vacuum Flow	152 CFM
Waterlift	70"
Vacuum Power	(2) 36 Volt 1 HP
Drive Motor (TD)	3/4 HP
Brush Type	Cylindrical
Brush Motors	(2) 3/4 HP

Model A3S - Air Mover

A3S floor dryers are designed to create and channel airflow while maximizing CFM. A 1 HP motor provides the power and they can be operated at a pitch of 45 or 90 degree angles to circulate airflow where you need it. Three speeds provide versatility and the stackable, light-weight design makes the A3S easy to use.

Models	A3S
Power	115 V / 60 Hz
Amps	2.8 / 2.3 / 2.1
Safety	ETL Listed
Cord Length	25 ft.
Airflow	1100 CFM
Weight	28.7 lbs.
Dimensions	18.11"L x 16.73"W x 18.9"H
Material	ABS
Motor	1/3 HP

Specifications are subject to change without notice.

Phenom 15 & 18 Commercial Vacuums

The Phenom is brushing and vacuuming all in one operation – that means deep, thorough and gentle carpet cleaning.

The Phenom brushes thoroughly and quickly removes dirt that clings to the individual carpet fibers and ensures an optimum cleaning result, even on areas subject to heavy wear. The telescopic suction pipe and the flexible suction hose make it possible to vacuum curtains and furniture problem free. Clean sensitive areas with the germ-reducing Fibro filter (standard).

Models	Phenom
Application	Dry
Voltage	115V
Air Flow	104 CFM
By-Pass Motor	No
Sound Level	68 dB
Dust Bag Capacity	1 gallon
Weight	17 lbs.
Cable Length	50 ft.
Suction Hose	5 ft.
Nominal Width Accessories	1.5"
Vac Motor	1 HP
Brush Motor	1/4 HP
RPM	5,000 RPM

Specifications subject to change without prior notice.

BPV PRO BACKPACK VACUUM

Designed for vacuuming carpet, hard floors and upholstery. Worn on the back to allow for easy and quick vacuuming while walking. Ideal for hallways, airplanes and commercial spaces.

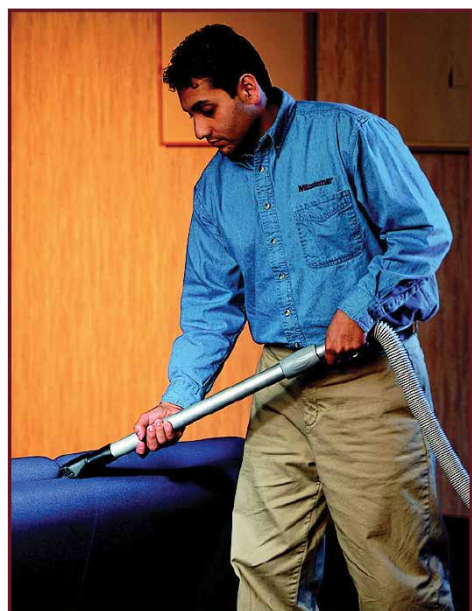

The BPV has a lightweight ergonomic design, with a cushioned backpad that fits the curve of any operator's back. The comfortable shoulder and waist belt design reduces fatigue, making work easier.

Available in a HEPA model.

MPV 31 WIDE AREA VACUUM

Minuteman's MPV®-31 Wide Area Vacuum commands powerful suction to clean large carpeted spaces with efficiency, speed, effortless maneuverability and quiet operation. Durable constructed of rotationally molded polyethylene, the MPV-31 will endure the rigors of heavy use. The lightweight, low-profile design combined with powerful brush action enables the MPV-31 to glide across carpet with ease and delivers impressive results.

Sweeping a wide 30" path, the MPV-31 cleans up to 25,000 sq. ft. per hour and greatly reduces labor time.

Model	MPV 31
Construction	Roto-molded polyethylene
Brush Housing	Stainless steel
Brush	30" x 3" nylon, chevron design
Brush Speed	1,550 RPM
Brush Motor	1/4 HP
Brush Adjustment	4-position foot lever
Air Flow	212 CFM
Vacuum Motor	(2) 1.1 HP (802 Watts)
Sound Level	72 dB
Power Cable	75' 12-3 gauge, built-in cord wrap
Power	115 V, 60 Hz
Bag Volume	1.2 bushels
Built-in Hose	1-1/4" diameter, extends 24"
Built-in Wand	26"x40" aluminum, telescopic
Handle	Steel tubing, fully adjustable
Front Casters	(2) 2" non-marking
Rear Wheels	(2) 12" non-marking
Dimensions	17.5"L x 31"W x 37"H
Weight	130 lbs.

Specifications subject to change without prior notice.

747 WIDE AREA CARPET VACUUMS

Clean faster, save labor! A wider sweeping path, combined with Minuteman's powerful vacuum system lets you clean up to 25,000 sq. ft. per hour - ideal for big cleaning jobs with wide areas. These battery and electric operated vacuums are durably constructed, yet lightweight in design, so they are easy to maneuver. The powerful brush action of the 747 provides easy glide across the carpet quickly, quietly and efficiently.

Model	747 ELECTRIC	747 BATTERY
Dimensions	24"H x 38"L x 29.5"W	24"H x 38"L x 29.5"W
Brush Width	26.5"	26.5"
Air Flow	200 CFM	200 CFM
Brush Type	Nylon	Conductive Nylon
Bag Volume	9 ft ³	9 ft ³
Cord Length	75'	None
Motor	1 HP, 115 V	¾ HP, PM, 24 VDC
Rear Wheels	16"	16"
Front Casters	4"	4"
Weight	145 lbs.	154 lbs. (no batteries)

KLEEN SWEEP 27 - WALK-BEHIND SWEEPER

The Kleen Sweep 27 is an ideal replacement for manual sweeping. It picks up dirt quickly without leaving dust behind and is light-weight, convenient, and virtually indestructible.

Great for workshops, outdoor areas, paths, machine shops, stockrooms, parks, small yards, parking areas and loading ramps. The Kleen Sweep 27 goes where large sweepers cannot.

Model	KS25
Cleaning Path Width	27"
Hopper Capacity	
Main Broom	
Side Broom	
Broom Material	Synthetic
Dust Filter	99.97% efficient at 3 microns
Filter Shaker	Manual
Filter Material	Polyester
Filter Removal	No tools necessary.
Flaps	Non-marking
Battery	
Charger	On-board
Noise Level	63 dB

KLEEN SWEEP 25 - WALK-BEHIND SWEEPER

The Kleen Sweep 25 is an ideal replacement for manual sweeping. It picks up dirt quickly without leaving dust behind and is light-weight, convenient, and virtually indestructible.

Great for workshops, outdoor areas, paths, machine shops, stockrooms, parks, small yards, parking areas and loading ramps. The Kleen Sweep 25 goes where large sweepers cannot.

Model	KS25
Cleaning Path Width	25"
Hopper Capacity	1.06 cubic feet
Main Broom	16"
Side Broom	11"
Broom Material	Synthetic
Dust Filter	99.97% efficient at 3 microns
Filter Shaker	Manual
Filter Material	Polyester
Filter Removal	No tools necessary.
Flaps	Non-marking
Battery	24V, 40 Ah gel battery (4)
Charger	On-board
Noise Level	63 dB

KLEEN SWEEP 28 - WALK-BEHIND SWEEPER

The Kleen Sweep 28 is an ideal replacement for manual sweeping. It picks up dirt quickly without leaving dust behind and is light-weight, convenient, and virtually indestructible.

Great for workshops, outdoor areas, paths, machine shops, stockrooms, parks, small yards, parking areas and loading ramps. The Kleen Sweep 28 goes where large sweepers cannot.

Model	KS28
Cleaning Path Width	28"
Hopper Capacity	1.23 cubic feet
Main Broom	20.1"
Side Broom	15.8"
Broom Material	Synthetic
Dust Filter	99.97% efficient at 3 microns
Filter Shaker	Manual
Filter Material	Polyester
Filter Removal	No tools necessary.
Flaps	Non-marking
Battery	12V maintenance free battery system
Charger	On-board
Noise Level	63 dB

KLEEN SWEEP 32R - RIDER SWEEPER

When considering the dust-free cleaning of small and medium-sized areas, you can't do better than the KS32R. The robust, Steel frame construction is heavy-duty quality which means the Minuteman Kleen Sweep 32R is a machine for professional use that can clean surfaces thoroughly and efficiently. The Kleen Sweep 32R offers operators simple conveniences such as maintenance free batteries, on-board charging station, wet sweep bypass, large hopper capacity and quiet operation.

Model	KS32R
Drive Motor	0.8 HP / 24W
Brush Motor	0.8 HP / 24W
Battery System	24v Maintenance Free Batteries / On-Board Charger
Sweeping Width	26"
Width w/Broom	35" or 43.7"
Sweeping Speed	3.7 mph
Productivity	57,479 ft ² per hour
Hopper Capacity	2 x 6.6 gallons
Filter & Filter Shaker	Yes
Weight	620 lbs.
Dimensions	50.4"L x 35.7"W x 47.6"H

KLEEN SWEEP 40 - RIDER SWEEPER

The Kleen Sweep 40R is designed for heavy duty commercial use. This unique sweeper is extremely maneuverable with up to four hours of non-stop run time. A solid channeled steel frame tough and built to last with easy access for serviceability.

The powerhouse can be used for sweeping hard floors or carpeted floors and is comfortable and easy to operate.

Model	KS40R
Sweeping Width	40"
Main Broom	28"
Productivity	61,354 sq. ft. per hour
Hopper Capacity	2.1 cubic feet
Turning Radius	70"
Sweeping Speed	4 mph
Climbing Ability	12%
Length w/Side Broom	59"
Dimensions	59"L x 38"W x 52"H
Weight w/Batteries	970 lbs.

KLEEN SWEEP 47 - RIDER SWEEPER

The Kleen Sweep 47R is designed for heavy duty commercial use. This unique sweeper is extremely maneuverable with up to four hours of non-stop run time. A solid channeled steel frame tough and built to last with easy access for serviceability.

The powerhouse can be used for sweeping hard floors or carpeted floors and is comfortable and easy to operate.

Model	KS40R
Sweeping Width	50"
Main Broom	28"
Productivity	77,500 sq. ft. per hour
Hopper Capacity	2.1 cubic feet
Turning Radius	70"
Sweeping Speed	4 mph
Climbing Ability	12%
Length w/Side Broom	59"
Dimensions	59"L x 38"W x 52"H
Weight w/Batteries	970 lbs.

FRONTRUNNER LOW & DUAL SPEED FLOOR MACHINES

The Frontrunner Series are durable steel and stainless steel floor machines in both low speed and dual speed configurations. Available in 17" and 20" diameters with non-marking PVC bumpers to prevent marking furniture or walls. Powered by a durable 1.5 HP 66 Frame motor with triple planetary gears to get you through those tough scrape-offs with ease.

Model	Frontrunner 17	Frontrunner 20	Frontrunner DS

PROPANE BURNISHER

The Propane Burnisher from Minuteman is a power-house polisher with a wide 28" cleaning path and 1700 RPM ultra speed performance with productivity at 33,000 sq. ft. per hour. The 18 HP Kawasaki engine is propane fueled and frees the operator up the tethering of a cord operated burnisher.

Model	M220028K17X
Pad Size	27"
Engine	18hp EnviroGard Kawasaki 603cc V-Twin Propane Engine
Pad Speed	1,800 RPM
Propane Cylinder	20 lb. capacity
Hour Meter	Standard
Sound Level	87-89 dB
Productivity	33,000 sq. ft. per hour
Weight	208 lbs.
Certifications	EPA, CARB, CE
Catalytic Muffler	Standard
Dimensions	54"L x 31"W x 47"H

LUMINA 20 & 20TD BURNISHER

Engineered for exceptional performance, Minuteman's Lumina™20 and Lumina 20TD Battery Burnishers utilize a 2.5 hp pad drive motor and Minuteman's exclusive patented PAMS® (Passive Air Management System) Dust Control System. PAMS helps to reduce the need for dust mopping after burnishing by capturing finish compound and dust particles. The result –innovative battery burnishers that provide high productivity, solid performance and increased labor savings benefits.

The Lumina 20 and Lumina 20TD battery burnishers are ideal for environments that require a high productivity burnisher such as hospitals, hotels, schools, office buildings and retail stores.

Model	LUMINA
Circuit Breakers	70 amp & 50 amp
Power Supply	35.4"
Charger	36 Volts
Pad Size	20"
Pad Motor	2.5 HP
Pad Pressure	Adjustable
Pad RPM	2000 RPM
Weight	445 lbs.
Front Wheels	8" non-marking
Rear Wheels	3" non-marking
Dimensions	35"L x 18"W x 35.5"H

TRS - TOTAL RESTROOM SYSTEM

Model	TRS17-115
Solution Tank	17 gallon
Recovery Tank	15 gallon
Vacuum Motor	Single 3-stage
Pump	600 psi/.85 GPM – 450 psi nozzle
Water Lift	120"
Tank Construction	Polyethylene
Baseplate	¼" aluminum
Rear Wheels	10" non-marking
Casters	4" locking
Power Cord	50 ft.
Dimensions	39"H x 37"L x 22"W
Weight	108 lbs.
Electrical Draw	14.5 amps
Vacuum/Solution Hose	25'
Wand	Swivel wand with squeegee/brush head
Pressure Gun	Included
Fixture Drying Hose	25' x 1.5" Diameter

The TRS is a touch-free restroom cleaning system that deep cleans restrooms where mop and bucket fail. A built-in chemical metering system evenly applies cleaning solution, a high pressure pump pressure washes and deep cleans all surfaces and a powerful vacuum system quickly removes waste and water for a better clean. The TRS is equipped with a smart hose and tool management system and comes complete with all the tools to hit the ground running.

Standard Tools

45' stretch exhaust hose with cuff, blower tool and mesh carrying bag

45' vacuum hose with suction tool

Dual Head, Dual Purpose wand with FLIP System

Squeegee & Vac

50' high pressure solution line

Sink fill adapter hose kit

SCRUB with brush head

Durable High/Low Pressure Spray Gun

Key Features:

- Touch-free system deep cleans restrooms where mop and bucket fail
- 600 psi pump provides effective cleaning into the porous tile and grout lines and hard to reach places
- Simple two screw access to components for easy maintenance and service
- Wand, spray gun, and hoses included in the package
- Auto chemical feed for high productivity
- Wand, gun, and hose caddies for easy transport

290 WET/DRY VACUUM

- 6-15 gallon tank sizes available
- Wet/dry tool kit
- Optional wide area Big Gulp™ Squeegee
- Simple one-switch operation
- Heavy duty, 14-3 jacketed power cord
- Drain port located at base of the machine

- Available in 220 V
- UL listed (not all models)

390 WET/DRY VACUUM

- 15 or 55 gallon tank sizes available
- Available in polyethylene or stainless steel
- Optional wide area Big Gulp™ Squeegee
- Self-sealing intake for a positive vacuum seal
- Easily adaptable to any tool kit

- Self-cleaning cloth filter bag
- Full bag indicator light
- UL listed (not all models)

705-6 AIR VACUUM

- 6 gallon tank size
- 3.5 gallon wet capacity
- .46 cu. ft. dry capacity
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- 180" of waterlift

- Ideal where standard voltage is not available
- Uses compressed air & the Venturi Principle to create high flow & static lift
- Lifts or moves extensive variety of solid or liquid materials
- Tool kits available for commercial or industrial use

705-15 AIR VACUUM

- 15 gallon tank size
- 10 gallon wet capacity
- 1.86 cu. ft. dry capacity
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- 180" of waterlift

- Ideal where standard voltage is not available
- Uses compressed air & the Venturi Principle to create high flow & static lift
- Lifts or moves extensive variety of solid or liquid materials
- Tool kits available for commercial or industrial use

705-55 AIR VACUUM

- 55 gallon tank size
- 45 gallon wet capacity
- 7.16 cu. ft. dry capacity
- Air operated, non-electric optional HEPA filtration
- No moving parts to replace
- Silenced down to low 80 dB
- 180" of waterlift

- Ideal where standard voltage is not available
- Uses compressed air & the Venturi Principle to create high flow & static lift
- Lifts or moves extensive variety of solid or liquid materials
- Tool kits available for commercial or industrial use

829 SERIES WET/DRY HEPA VACUUM

- 6-15 gallon tank sizes available
- Safe recovery of asbestos, lead, mold & other hazardous materials
- Operates at 72 dB
- Polyethylene tanks are durable, non-corrosive & dent proof
- UL listed (not all models)
- Patented, self-sealing intake ensures a positive vacuum seal
- Patented safety interlock system ensures filter is properly installed

CRV™ CLEAN ROOM VACUUM

- 4 gallon tank size
- ULPA filtration
- 99.999% efficient at 0.12 microns
- UL listed (not all models)

EXPLOSION PROOF DUST IGNITION PROOF VACUUM

- 15 gallon tank size
- Pick-up of hazardous material such as flammable liquids, finely pulverized dust & more
- Class I - Group D
- Class II - Group F & G
- Static conductive casters & wheels
- Available in 2 models
- Optional HEPA filtration
- 22-gauge, non-sparking stainless steel tank
- Operates at 72 dB
- 50' STWA safety cable
- UL listed

LEAD VACUUM

- 6 gallon tank size
- .46 cu. ft. dry capacity
- Recovers lead, dust, paint chips & other hazardous materials
- Operates at 72 dB
- 50' STWA safety cable
- UL listed
- Dry recovery unit vacuums directly into a disposable collection bag

FLAMMABLE LIQUID RECOVERY VACUUM

- 55 gallon tank size
- 45 gallon wet capacity
- 7.16 cu. ft. dry capacity
- Air operated, non-electric safe recovery of hazardous liquids
- Standard lid assembly
- No moving parts to replace
- Locking lid latches
- Standard explosion-proof tool kit with 14" floor squeegee tool
- Sturdy all-steel dolly with 5" conductive wheels for easy transporting
- UL listed

MERCURY RECOVERY SYSTEM

- 6 & 15 gallon tank sizes
- Available in 5 models
- Optional HEPA filter
- Safe clean-up of liquid mercury & mercury contaminated soil & air
- Large capacity activated carbon filter
- Standard with tool kit
- U.L.P.A. filters are 99.999% efficient at 0.12 microns

MINUTEMANINTL.COM

MINUTEMAN INTERNATIONAL

MINUTEMAN

Minuteman offers a complete line of commercial and industrial maintenance products for today's cleaning industry. Our wide range of products includes walk-behind and ride-on auto scrubbers, critical filter vacuums, air vacuums, floor machines, battery and propane burnishers, commercial vacuums and industrial tank vacuums for dry or wet/dry application, carpet vacuums and extractors, and sweepers. There is a Minuteman machine for every application.

POWERBOSS

PowerBoss is a full line manufacturer of sweepers, scrubbers and combination sweeper/scrubbers for industrial applications. PowerBoss has been an innovator and leader in the industrial market since 1984. The PowerBoss full line of industrial sweepers and scrubbers will handle your most challenging jobs. Whether you have a congested area inside, or wide open spaces outside, our products meet your needs.

MULTI-CLEAN

Multi-Clean is a manufacturer of high performance cleaning and floor maintenance products, incorporated since 1946, with a history of producing quality janitorial chemicals, including floor finish, floor strippers, cleaners, disinfectants, sanitizers, restroom cleaning products, carpet cleaners and stain removers. Multi-Clean also offer concrete sealers, industrial degreasers, wood gym floor finish, and a complete line of liquid hand soap and foam soap. Multi-Clean is a Green Cleaning Leader through green products, knowledge, education and training.

MISSION STATEMENT

To provide a complete range of cleaning equipment and solutions for commercial and industrial applications that deliver exceptional VALUE and exceed customer desires.

INNOVATION & TECHNOLOGY

Minuteman prides itself on understanding the needs and wants of the industry and being able to provide innovative solutions. With this in mind, we offer the Aqua-Stop system, maintenance free gel batteries, on-board chargers, simplified controls and many other advancements that support our customers and the green movement.

SERVICE & SUPPORT

We're here to help. Our knowledgeable and friendly staff members, from customer service, product managers, service technicians and sales, are here to support you from selection of equipment to after sales support.

S.P.O.R.T.

SCRUB | POLISH | OR | REMOVE | TOP TWO COATS

All of the features and the advanced technology that make the E-series an outstanding daily auto scrubber are only enhanced by the integration of the SPORT technology. SPORT (Scrub Polish or Remove Top Two Coats) can easily and economically provide users with the means to perform chemical free surface preparation and/or the removal of floor finish to effectively clean, polish, and restore floors.

- SPORT technology is the newest inclusion to the highly regarded Minuteman E series line of Auto Scrubbers.
- The SPORT technology can easily and economically provide users with the means to perform chemical free surface preparation and/or the removal of floor finish to effectively clean and restore floors.
- Easy to understand controls ensure that our machines are simple to operate.
- The compact and sleek designs result in total operator comfort by focusing on ergonomics and provides an excellent line of sight to the area to be cleaned.
- Ergonomic designs offer superior handling of our machines and the traction drive models offer even more ergonomic advantages such as adjustable speed regulation with the turn of a dial.
